## ADVOCATING FOR JUSTICE

Timothy Bussey of The Bussey Law Firm, P.C. has been fighting for his clients' rights for nearly 25 years, amassing an extraordinary record of success representing Coloradoans accused of crimes and those wrongfully injured.

Bussey has received national attention and impacted United States constitutional law by exposing errors at two Colorado forensic laboratories that as a result no longer conduct evidential blood alcohol testing in DUI cases. He has received international attention for spearheading a landmark defamation action in England in 2015, where he was the named plaintiff and successfully obtained a 100,000-pound judgment.

A fierce advocate, Bussey mounts creative attacks designed to obtain the best possible outcome for his clients, whether through settlement or trial. His knowledge and experience is formidable: since 1991, Bussey has been an active duty air force judge advocate, a prosecutor, a criminal defense attorney and a plaintiff's attorney.

Bussey is a requested speaker at legal conferences and has presented locally, nationally and in Canada. He is a nationally published co-author of six books. Continuing to expand his knowledge, in 2015 Bussey successfully completed the coursework and qualifying exam to be designated a lawyer-scientist by the American Chemical Society, the only Colorado lawyer to achieve this designation.

Bussey's superior advocacy has resulted in his continued selection to The National Trial Lawyers Top 100 Trial Lawyers and his AV Preeminent rating by Martindale-Hubbell. Bussey has repeatedly been chosen by fellow attorneys in El Paso County as a Colorado Springs Top Attorney by *Colorado Springs Style Magazine* and has once again been selected by his peers in 2016.

A professional portrait of Timothy Bussey, a man with short brown hair, smiling. He is wearing a dark blue suit jacket, a light blue dress shirt, and a patterned tie. He is sitting on a dark wooden bench or desk in a law office setting with bookshelves and windows in the background.
